Create engaging content for classroom collaboration

Designed for interactive displays, LYNX Whiteboard is a free-to-use lesson building app, enabling student collaboration. The most dynamic, intuitive user experience of any whiteboard – with drag and drop, pinch to zoom, and easy swipe menus.

Key Features

Multi-media Content Compatible QR Code Generator Single Sign-On

Cloud Drive Integration Sign out from anywhere

Available on any device

Cloud access for distant learning

Hundreds of tools to increase student engagement in a blended learning environment. Create lessons on the go, at home, or in another classroom, on any device. Your school can set up a LYNX Cloud account, so content and resources can be shared. You can set work, give students their own log-ins and set homework activities for your students. LYNX Cloud can also sync with other cloud based drives such as OneDrive, Google Drive, Lynx Cloud or Dropbox - allowing you to input it directly into your lessons.

LYNX Whiteboard has now partnered with PhET to give you over 80 FREE STEM activities to use in your classroom or set as homework.
