

CLEVERTOUCH®
by Boxlight®

NEW

Clevertouch Edge

Push collaboration to the edge

A complete all round UC meeting room set up in just one panel, one purchase

Clevertouch Edge gives you complete access to all your favourite apps directly from the screen. With Clevertouch Edge you only need to buy one panel to create a complete all round UC meeting room setup.

Sleek all-in-one design

The all-in-one design seamlessly integrates an intelligent Sony camera system, advanced audio, interactive whiteboarding, and an intuitive launcher into a single, comprehensive collaboration display. This powerful combination enhances the meetings and provides flexible, creative interactions.

A total transformation for collaboration in the workplace.

In-built Sony top-mounted camera

48MP Pixel and 90° FOV with 5M distance focus, ePTZ and face detection auto tracking.

Quick Launch Digital Buttons

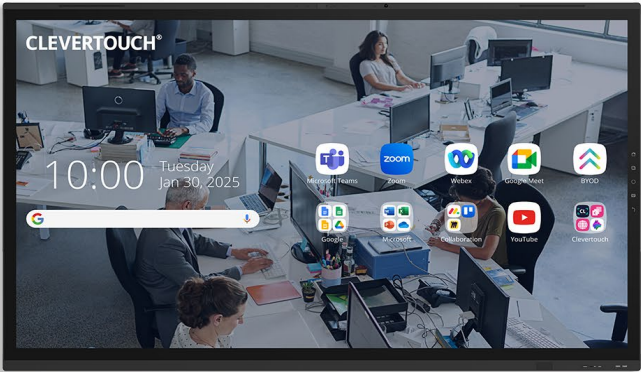

Essential commands and software at your fingertips.

Access and set up your workplace apps

Use Google Play to set up workplace apps and lock the screen to disable download access.

Crystal Clear Audio Experience

Front-mounted 2x 20W speakers and 2x 10W subwoofers

Advanced Security Protection

Highly secure with the option to lock down settings and functionality.

In-built Award-Winning Digital Signage

CleverLive software is included with no subscription fees

Any Screen, Any Time

Login to any connected Clevertouch with your personal profile with Integrated NFC.

FlatFrog In-Glass™ Technology

The most accurate writing experience

Secure by design

For a security-conscious company, you can add Edge to your preferred management platform and prohibit access to the Google Play Store, specific apps, specific settings and users.

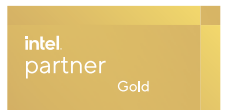

Google Admin
Workspace

Microsoft
Intune

Upgrade your solution

Combine Clevertouch Edge with an Intel Windows 10 Pro i5 or i7 OPS to enable you to load your existing apps and software from your network and ensure compatibility with your existing infrastructure.

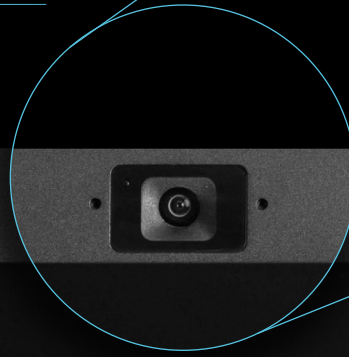

In achieving this certification, Clevertouch demonstrates adherence to security and privacy through all data technology business practices. This includes the ability to protect data and systems from unauthorized access, use, or destruction through the implementation of secure company protocols

Experience exceptional virtual collaboration camera quality, with AI capabilities to always keep the speaker at the centre of the screen.

Adapts to mainstream cloud meeting apps and supports audio and video, 4K data sharing, and dual-stream meetings.

SONY

- Camera Pixel 48 MP
- Camera FOV 90°
- 5M Camera Focus Distance
- Auto tracking via face detection
- ePTZ (electronic pan, tilt, and zoom)
- Adapts to common cloud meeting apps
- HD Hardware Encoding and Decoding
- Supports 4k Video
- Voice Tracking

Powerful Meetings Whenever. Wherever.

Built on the next-gen hardware platform architecture, Clevertouch EDGE is equipped with: Bring Your Own Meeting (BYOM), HD immersive meeting quality, and FlatFrog In-Glass IR pressure-sensitive natural writing experience. Easily adapting to mainstream UC meeting apps, it is a perfect solution for collaboration and communication to fit in any meeting room or space in your building.

Bring your own meeting (BYOM)

Start a meeting on your laptop and connect to Clevertouch EDGE - it will instantly change from the laptop's camera and audio to the crystal clear Sony 4k camera and immersive audio of EDGE.

zoom

Support your hybrid meeting with your chosen platform

Platform Agnostic

With Clevertouch Edge, you aren't confined to just one UC platform. You can switch between platforms depending on the requirements of meeting participants.

USB-C for
100w charge

Connect a laptop via USB-C for 100w charge pass through and access to the camera

zoom

Interactivity in the meeting room

Enhance collaboration. Foster ideas.
Increase engagement.

Collaboration for meetings

Whiteboard with our own
LYNX Whiteboard or use third party
apps like Miro or Microsoft Whiteboard

Access your files from Google Drive,
OneDrive, or Dropbox

Utilise images, videos, webpages, pdfs
and more from leading media sources

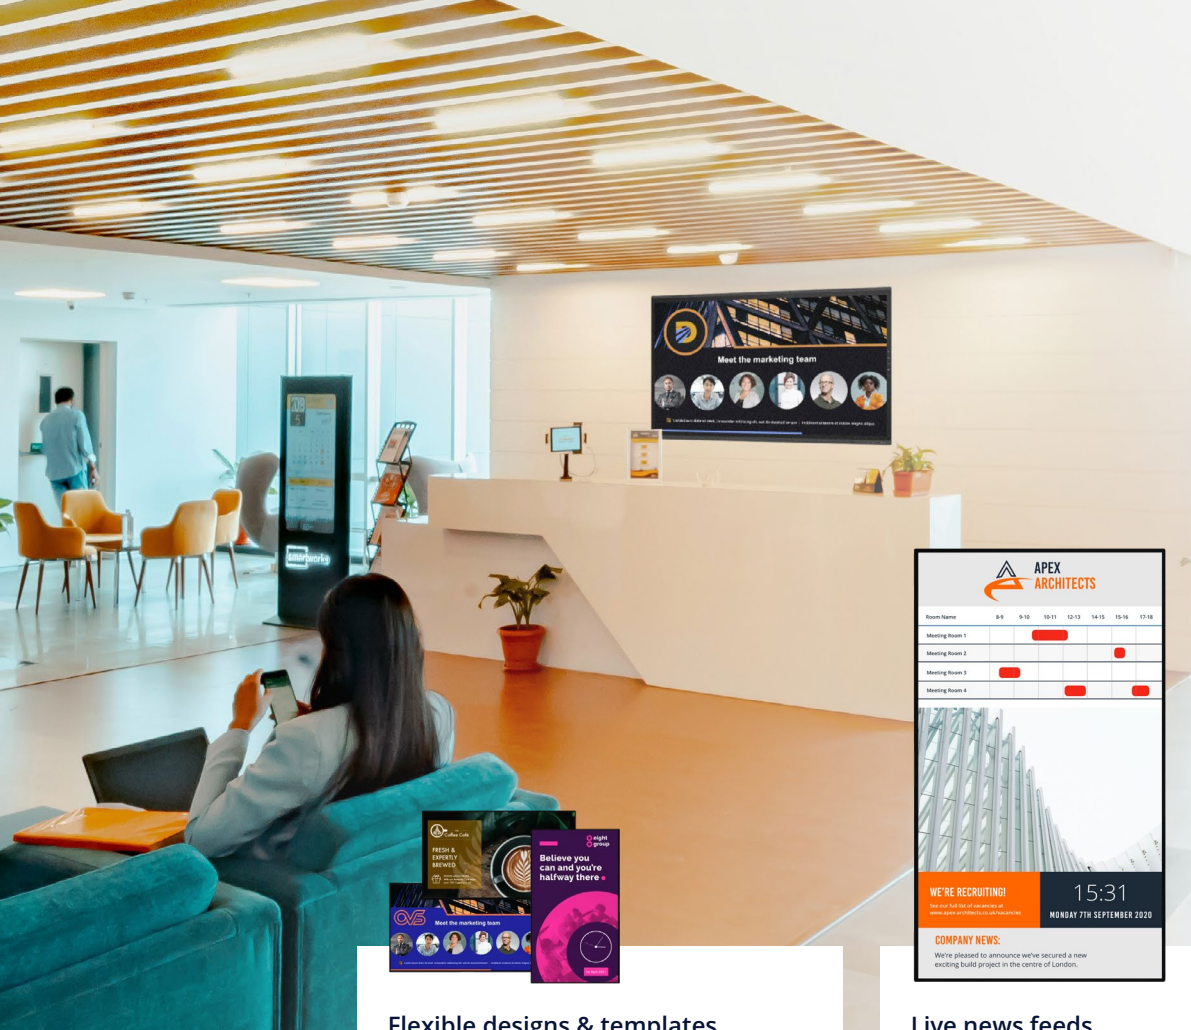

A natural feel to writing with
our new pen

Split-screen mode for simultaneous
use between two users

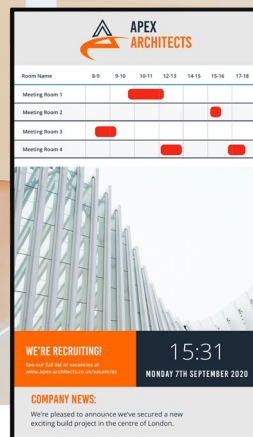

Annotate in real-time over
any document

Flexible designs & templates

Users can engage dynamically with a large targeted audience to display messages that incorporate media formats including text, photos/images, videos, web pages, RSS feeds, and social media.

Live news feeds

Provide easy access to company news and industry relevant information for your employees to keep them on top of developments in fast-moving work environments. Set up custom news for each display and communicate more effectively.

Unlock the power of digital signage

Clevertouch EDGE is equipped with built-in digital signage at no extra cost. When the screen is not being used in meetings, you have the ability to switch to a communication channel that shares information in real-time.

Content triggering systems

Our systems allow you to set up bulletin alerts and emergency messages for instant communication across your company. Whether you need to update everyone on the latest health and safety guidelines or quickly communicate internal changes, our content triggering systems are there to help.

Flexibility is key in meetings

In-person, remote or hybrid - Clevershare gives you the freedom to host your meeting, your way. 62% of Enterprise users have more than 3 Unified Communication platforms. You need to be able to enter the meeting room and have the tools available to simply start a meeting on any of those UC platforms, whilst connecting to the display, audio and visual equipment in the room.

One-tap to connect

With the App or CleverCast, it's just one-tap to connect. No wires, no drivers, no passwords. Colleagues and visitors alike will share the same easy-to-use experience.

Two methods, same experience

CLEVERSHARE®

OR

CLEVERCAST®

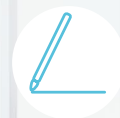

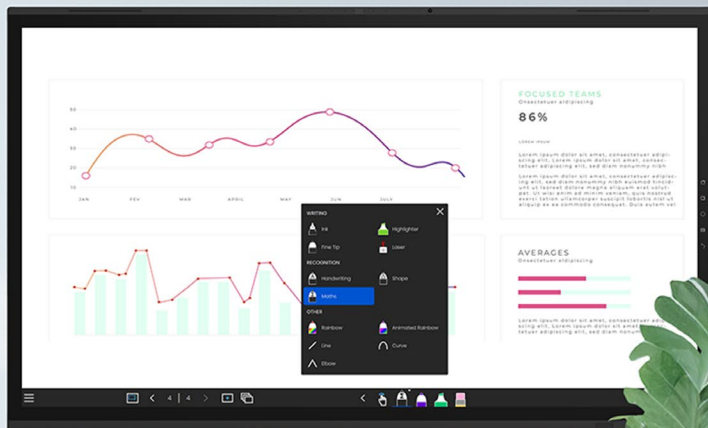

Clevershare app

Download it for free to any device. Enter the code from your Clevertouch Edge and instantly share content from your device to the large format display.

CleverCast

Plug the USB-C dongle into your laptop and click the button to share your screen with the Clevertouch EDGE Pro display.

Intelligent Whiteboard

16 ms ultra-low writing latency

Synchronous and precise writing on screen

Handwriting recognition

Convert your handwriting and drawings to digital forms

Multiple pen thicknesses in full colour

Optional handwriting thickness and unlimited colour choices

Full-screen annotation

Taking a snapshot of any webpage or app and pasting it to your whiteboard app for annotation

Multi-touch gestures

Select, move, zoom, and erase with gestures

Remote bidirectional collaboration

One tap to share whiteboard content for real-time collaboration

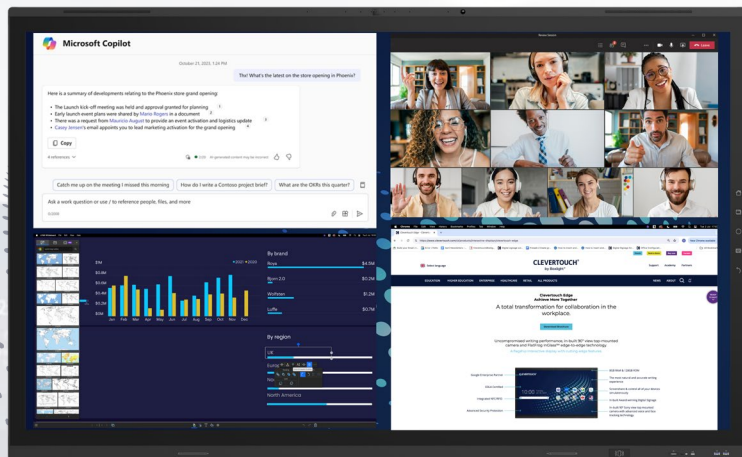

Scan to take away

Scan the QR code to take away whiteboard content

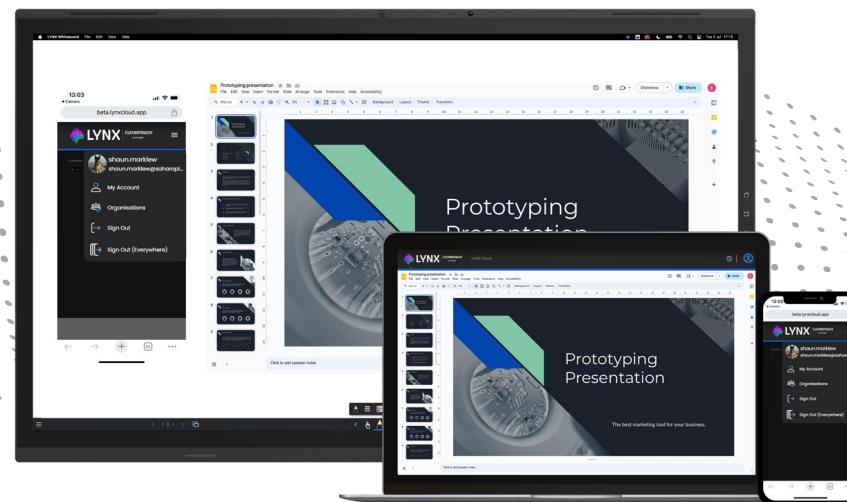

Co-authoring

Two people can write on the whiteboard concurrently

Multiple Windows for Multiple Apps

Effortlessly multitask with multiple apps or browsers running simultaneously at top speed without any lag.

Picture in Picture (PiP)

Picture in Picture (PiP) allows you to connect a separate source, such as a laptop, and view that device's screen as a window within your Clevertouch EDGE display, whilst simultaneously viewing multiple windows on the screen.

Here's how Clevertouch can design your office

Lobby

- 165" CleverWall LED Video Wall
- 55" CM Pro Commercial Display
- Digital signage
- Wayfinding tower
