world

## Education

The complete  
Communication and  
Collaboration solution,  
designed by teachers,  
for teachers

#clevertouch | [info@clevertouch.com](mailto:info@clevertouch.com)

## Why Clevertouch?

For over a decade, we have been supporting teachers with technology that helps them to teach. Our range of products includes classroom interactive displays, commercial displays, LED walls, room booking panels and digital signage. Our range of products can be connected simply and securely by our CleverLive and MDM remote content and management systems. The Clevertouch ecosystem supports meaningful experiences for both learning and teaching.

Trusted by over 1 million teachers and rated as the number one edtech solution in its category by independent consultants, Clevertouch has over a decade of innovation with locally based pre-and-post sales support, in-person or remote training, a robust warranty, and no ongoing costs or subscriptions. Once you install a product, we commit to offering you free firmware updates whilst applicable, and have a group of edtech experts on hand, to not only guide you through the installation process but to be available for whatever questions may crop up.

## About Clevertouch

Established in 2009, Clevertouch began with interactive flat panels and soon expanded into a wider range of technology solutions.

Clevertouch is the only manufacturer to deliver industry-leading full-service, products and software solutions. Delivering a multi-awarding winning range of interactive collaborative meeting room panels, interactive collaboration teaching panels, digital signage, room booking, large format commercial displays, and wayfinding screens, Clevertouch offers a solution for every sector.

Clevertouch has partnered with the world's largest processor manufacturer and achieved Intel Gold Partner Status. This alliance is set to benefit our partners and customers with an even greater range of Intel-based products, and innovation to meet the needs of a new technology driven society in the post covid world.

## Our Values

With our partners, our technology and our customers are at our core and we live these values:

- To empower every human being and organisation on the planet to achieve more.
- Encourage everyone to come together to explore and expand on ideas, bringing them to life without geographical or technological limitations.
- Delivering our very best in all we do.
- Being present, connecting with transparency, dignity and respect.

We are proud to be Number One in a number of countries!

We have pledged to become carbon neutral by 2025!

We really do care about diversity and inclusivity

We're dedicated to working with companies who share our values. That's why we've partnered with industry leaders with collaboration at their core

We offer a range of courses that have been carefully curated to give you the knowledge you need to excel

Multi award-winning - our passion and drive for innovative technology is at the heart of our business

# The next generation in collaboration

Our range of Education Solutions are suitable for many applications within the school, including Classroom, Teacher Meeting Rooms, and School Canteens. Find the perfect all-in- one solution for learning and sharing ideas.

## Reception

Welcome visitors to your school through personalised welcome messages, showcase videos, digital sign-in, wayfinding, and school advertising. Keep staff and students motivated with recognition of achievement messages, school timetables, safety instructions or alerts, and more.

## Hallways & Corridors

Forget bulk emails that don't get read or the piles of internal memos that get distributed and disregarded, education digital signage is a more effective way to communicate internally. Update staff on policy, meetings, and important information with internal message boards that can be displayed in all staff offices and meeting rooms - perfect for keeping staff updated.

## Classrooms

Support modern learning and teaching, and equip teaching spaces with technology that empowers educators to engage students and maximize their learning experience.

## School Canteen

Modernise your school canteen with digital menu boards to promote the daily menu, advertise break time activities or announce forthcoming events, all within a space that students will take notice.

## Teacher Meeting Rooms/Staff Rooms

The perfect meeting room experience provides a hub for collaborative group work, both for those in the office and those virtually. The well-designed meeting room should be adaptable for you teachers, accommodating the use of personal devices and walk-in-and-use technology and include, large presentation screens for connecting remotely.

## School Hall

A well-designed school hall is a space that is simple for teachers to present with technology that is easy to use and offers the best experience for students. Our technology allows students to collaborate effectively and share ideas.

## Case Studies

**90-screen Clevertouch project proves a very clever move at Leeds Comprehensive,**  
 “Clevertouch was simply the best performing system, with great visibility in any light conditions and no time lag in operation. Because we’ve made sustainability a theme here at the school, the product’s central management system was a big thing too. Where traditional projectors were using up energy even on stand-by, we can make sure all the Clevertouch products are switched off at 4pm, saving us money and reducing our environmental impact.”

- Jack Garratt, Head of IT, Benton Park School

### Bryan School District Upgrades to Plus

“Teachers want to use this technology. It enhances what they are doing, they know it grabs students’ attention and makes their lessons more engaging. Kids want to be in their classroom. Our teachers have standards to follow and they get where they want to be using their classroom technology.”

- Tom Karnes, Bryan City School District’s Director of Technology

### Clevertouch equips Aberdeenshire schools with the latest AV technology

“We see technology as something that should be across all learning, not something that’s timetabled or that you have to go somewhere else to do. “We were interested in the Cleverstore feature of Clevertouch screens. It provides an area where you can download approved apps that are ad-free and totally free.”

- Graeme Slapp, Technology Development Manager at Aberdeenshire Council

# IMPACT Lux

Sizes: 65" | 75" | 86"

Get full specs here

NEW

Designed by teachers, for teachers, IMPACT Lux is more than just an interactive touchscreen, it delivers a truly intuitive and collaborative experience. Feature-rich, with solutions that free teachers from the constraints of the restrictive traditional classroom. Make lessons extraordinary with the new IMPACT Lux.

## High Precision Technology

Our Super Glide Touch technology offers the most fluid writing experience on a touchscreen. It's as smooth as writing on a whiteboard - with no lag. With the ability to differentiate between palm-erase, fingertouch, and stylus-writing, there's no need to change settings mid-flow.

## EDLA Certification

NEW

Access the Google Play Store and Google Workplace, along with the full Microsoft 365 suite, directly from the screen. Use apps such as Google Drive, Docs, Sheets, Slides, Teams, Word and PowerPoint.

## Any Screen, Any Time

NEW

With integrated NFC, users can simply swipe their fob, card or device to load their personal profile and settings, on any Clevertouch, in any classroom or school.

First Google EDLA certified panel

Now with 8GB RAM, 64GB Internal Storage, 450 cd/m2 brightness and zero bonding glass.

## Super Wide Sound & Microphone

NEW

60W room filling sound and built-in 8-array mic.

## Cloud Accounts

Sync with your Cloud accounts so that you can work anywhere at any time.

## Infinity Whiteboarding

Never run out of space with our infinite canvas.

## Antibacterial glass

NEW

Keep germs at bay with state-of-the-art micro antibacterial glass.

## Software

Included at no extra charge with no subscription costs:

## Environmentally Friendly Motion Detection

Equipped with Proximity Sensors your Clevertouch will power off when no one is detected in the room.

## Android/PC

Switch between Android and PC mode, or switch off the Android capabilities and just use the PC.

IMPACT Max is protected by Cyber Essentials

# CM Pro

Sizes: 32" | 43" | 50" | 55" | 65" | 75" | 98"

Get full specs here

Keep students, teachers and visitors informed by broadcasting information using our in-built digital signage software CleverLive.

Make your students feel welcome, over all your campuses and buildings. Share news, upcoming events, sports team results and more.

CM Pro allows you to display full-screen posters or videos that reflect your college's brand and feel.

With one-touch-actions included, simply log in from a phone or tablet and tap to update all screens in an emergency situation.

● Screen Share from any Device

● 4k Ultra HD Resolution

● Vibrant Picture Quality

● 16/7 Operation

● Control Integration

● Landscape & Portrait

● Digital Signage Posters/Video

● Power Management Scheduling

● Android Technology

Also available as a 24/7 operational commercial display. Get CM Pro eXtra specs here

## Built-In Digital Signage

Create dynamic digital posters for your CM Pro screen. Upload eye-catching full screen 1080p posters, photos or videos to share your company message in vivid detail. You can set them to play on a loop between meetings so your screen is never blank.

## Premium Digital Signage

Upgrade to premium digital signage by adding a PICO XI or PRO V4 media to elevate your content from full screen posters and videos to dynamic multi-zoned displays. Your reception or office team can set pre-determined triggers on a tablet/iPad allowing digital signage to be updated in seconds to your most frequently used messages.

# Digital Signage

## Pico XI

Manage your digital signage from a single platform enabling you to send content quickly and easily. The Pico XI is a functional media player supporting everyday digital signage requirements.

Get full specs here

## Pro V4

Delivering powerful functionality for maximum digital signage performance. The PRO V4 is a robust fully featured digital signage player that delivers live streaming capabilities. Use as stand alone digital signage or integrate with additional products from the Digital Ecosystem to create an organisation wide communications solution.

## CleverLive Rooms

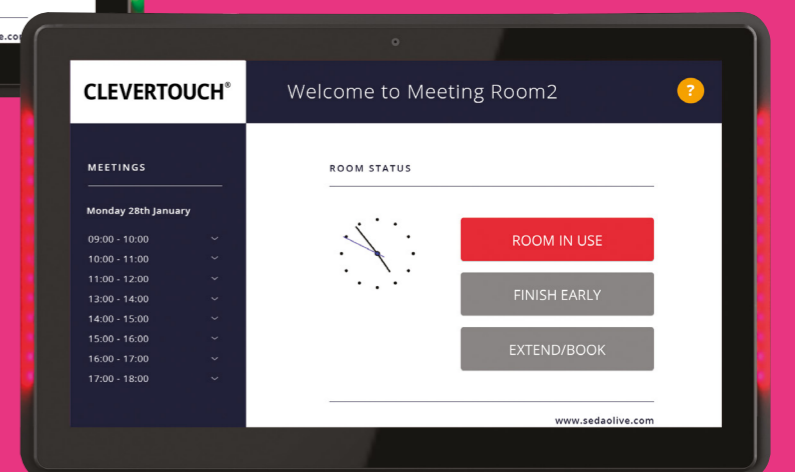

This room booking solution adds value to your organisation by improving classroom, study room and meeting room booking efficiency. With a centrally managed platform that enables you to book from your desktop PC calendar or live at the source.

Our room booking solution - CleverLive Rooms - also integrates with the Clevertouch Digital Ecosystem so you can send messages across your digital signage screens, interactive display panels as well as room booking. You can display instant messages, promotions and communicate with staff on your entire suite all from the same platform you manage your room booking from.

Now integrates with Google Calendar, Microsoft Office 365 and Microsoft Exchange. Also includes Microsoft Security Graph Connector.

Get full specs here

**Meetings at a glance**  
With CleverLive Room Booking Software you can show all of your meeting spaces on one screen, and display this at multiple signage points around the office.

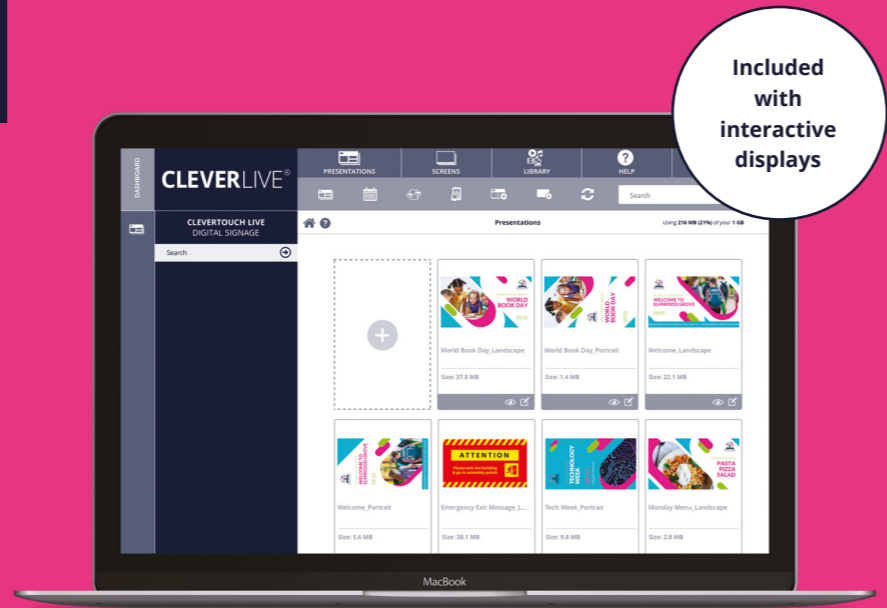

## Key Insights

- A centrally managed platform
- Desktop PC Booking - MS Exchange and Outlook 365
- At source booking
- Personalise for company or visitor branding
- Power over Ethernet
- Availability status display - red in use & green available
- Updated status if meeting ends early
- Send instant messages to displays or playout digital signage
- Simple touchscreen interface
- Integrates with Microsoft Exchange
- Full function digital signage player
- Wall mounting brackets
- Quick and easy to use

# CLEVER<sup>®</sup> LIVE

CleverLive manages content deployment to all your Clevertouch products. This digital signage software platform enables the creation, editing and management of content broadcast across one or multiple Clevertouch displays. It can be used with any internet-connected device, such as a laptop, tablet, or mobile phone due to its cloud management functionality.

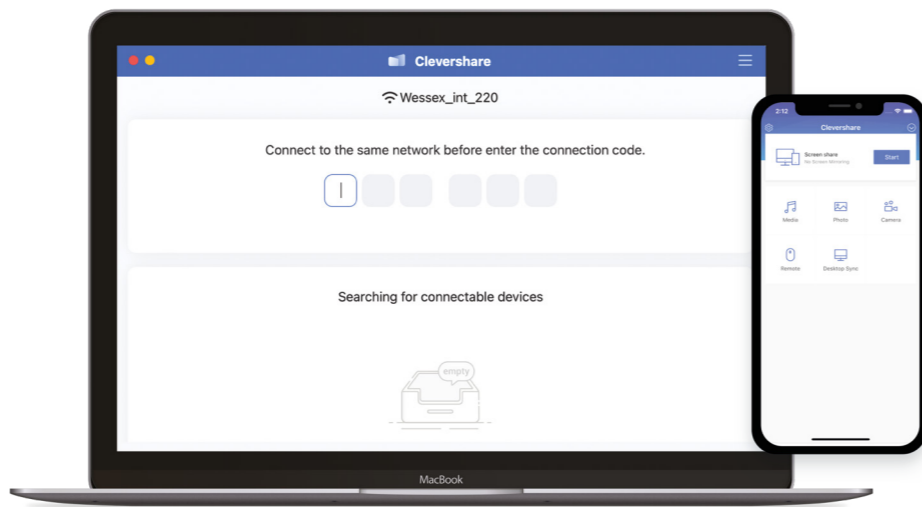

# CLEVERMDM<sup>®</sup>

Total control of your organisation in just one click. IT staff no longer have to be physically present to overcome technical issues with our MDM end-point management solution. Furthermore, our system allows for remote analysis, updates, and central management across the entire organisation's interactive touchscreen fleet. The solution is cloud-based and requires only Wi-Fi for the effortless management of thousands of touch panels and devices.

# CLEVERSHARE<sup>®</sup>

Any device can download the Clevershare app and connect instantly by typing in the code on the Clevertouch screen. Clevershare App is free to download and compatible with Android, Windows, iOS, and Chrome devices.

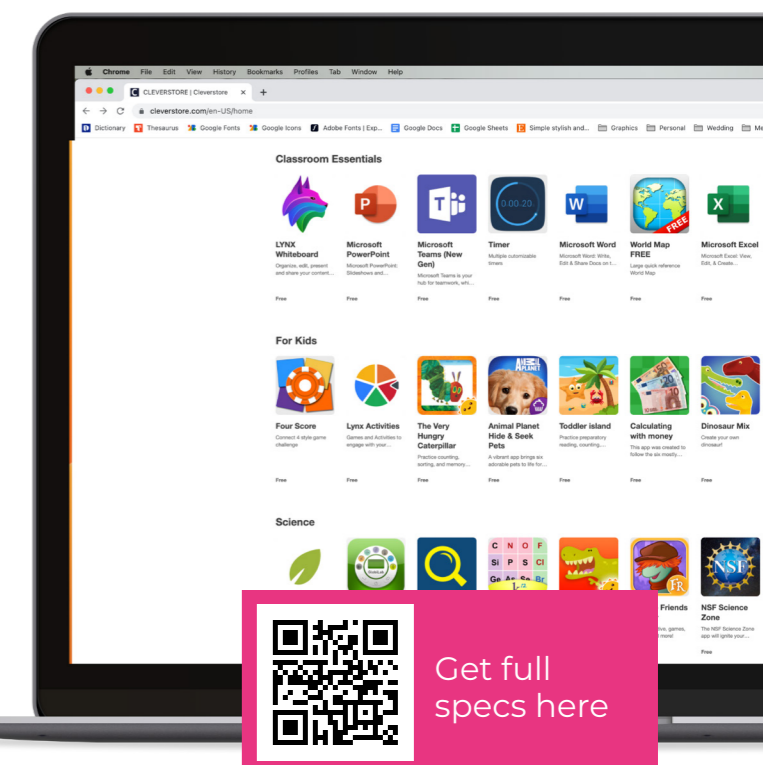

### How to connect

You can connect via the Clevershare App if your device is on the same Network as the Clevertouch. Use Advanced Mode for additional encryption and dual sub-networks. There is a Hotspot option if you are unable to use the network.

# CLEVERSTORE<sup>®</sup>

It's easy to hold students' attention when there's something new on the screen. We've hand-picked apps from educational app developers that support Common Core State Standards in the US and the National Curriculum in the UK.

Get full specs here

Designed for interactive displays, LYNX Whiteboard is a free-to-use lesson building app, enabling student collaboration. The most dynamic, intuitive user experience of any whiteboard – with drag and drop, pinch to zoom, and easy swipe menus.

**Quickly switch formats**

Convert files from Office formats into LYNX files, ready to be used within LYNX. Word, Excel and PDF files can easily be converted. Drag interactive whiteboard or Smart Notebook files and they will automatically convert into a LYNX file.

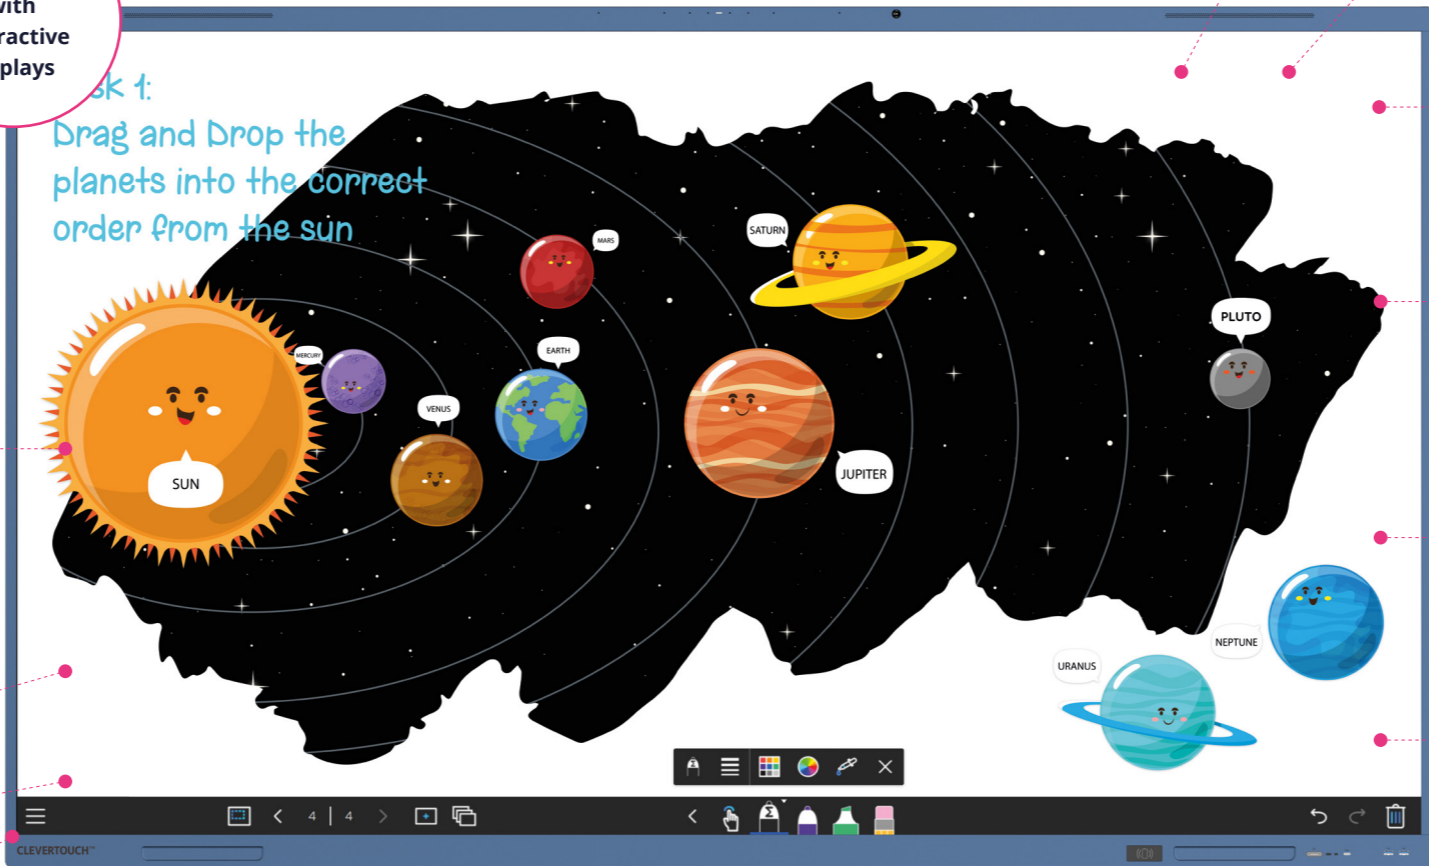

**LYNX Cloud File Conversion PRO**

**Extra Storage PRO**

**AI Features PRO**

With AI you can generate and upscale images, generate quizzes and more.

Included with interactive displays

- Natural handwriting**  
Our new pen type allows users to have a more natural feel to their writing. Pressure and velocity will help to decide the thickness of the line as the user writes – like a real pen.
- Differential Recognition**  
LYNX knows the difference between pen, palm and finger manipulation, so you can write with a stylus, whilst moving objects or palm-erasing with your hands/fingers.
- Dual Pen**  
Two users can choose different pens, or different tools, and use them simultaneously, providing a more natural feel.
- Increase Student Engagement**  
Search videos from YouTube, images from Unsplash, panoramic images – all without leaving your app. Safe Search enabled, ensuring content is suitable for children.
- Collaborate with ease**  
Students can scan a QR code with their personal device and either join the activity during the lesson, or save it to do at home.
- Fun, Shareable Activities**  
Create your own activities with customizable content. Activities will automatically be saved to your LYNX Cloud, so that you can share them with colleagues.

LYNX Whiteboard has now partnered with PhET to give you over 80 FREE STEM activities to use in your classroom or set as homework.

Upgrade to Lynx Pro for premium features

Lynx Pro from US\$30.00 Per User

Access to all of our standard features is free. No credit card is required.

**PRO**

Our premium features are available from as little as £1 per week

**Organisation**

Multiple users can access premium features through an Organisation Account

Cloud access for distant learning

Hundreds of tools to increase student engagement in a blended learning environment. Create lessons on the go, at home, or in another classroom, on any device. Your school can set up a LYNX Cloud account, so content and resources can be shared. You can set work, deploy, give students their own log-ins and set homework activities for your students. LYNX cloud can also sync with other cloud based drives such as Dropbox, OneDrive, SharePoint, LYNX Cloud or Google Drive - allowing you to input it directly into your lessons.

## CleverCam

CleverCam is a 4K ultra-high definition ePTZ camera with a sleek, eye-catching design. CleverCam employs advanced ISP processing algorithms to provide vivid, vibrant images with uniform clarity, brightness, strong colour layering, high resolutions and fantastic colour rendition. With its great functionality and superior performance, CleverCam is easy and convenient to install and maintain.

Get full specs here

## Trolleys & Mounts

We have a variety of trolleys and mounts, all compatible with the Clevertouch displays. Choose electric trolleys with a lift and tilt functionality, allowing you to wheel it anywhere in the classroom or an electric wall mount if you plan to keep your screen attached to the wall.

Get full specs here

## PC Modules

The OPS PC for digital signage, turning your interactive flat panel into a big-screen all-in-one touch PC and powering smarter meeting rooms.

### Clevertouch i5 OPS

10th Generation "Comet Lake" Processor, 8GB DDR4 2400 RAM, 250GB NVMe M.2 SSD, Supports up to 4K video resolution.
