Enterprise

The complete Communication and Collaboration solution for an always connected workplace.

#clevertouch | info@clevertouch.com

Why Clevertouch?

The Clevertouch product range includes interactive displays, commercial displays, LED wall, room booking panels and digital signage. Our range of products can be connected simply and securely by our CleverLive and MDM remote content and management systems. Working with our partners, Logitech and Intel, we can provide Microsoft Certified Teams or Zoom rooms, making hybrid working easy and accessible to everyone.

At Clevertouch, we've developed a truly unified communications platform that is free from frustrations of incompatibility. Clevertouch products allows users to connect and collaborate no matter what device they are using and their choice of communication channels. Allowing you to establish a Digital Ecosystem that empowers users to communicate and collaborate across the entire organisation.

About Clevertouch

Established in 2009, Clevertouch began with interactive flat panels and soon expanded into a wider range of technology solutions.

Clevertouch is the only manufacturer to deliver industry-leading full-service, products and software solutions. Delivering a multi-awarding winning range of interactive collaborative meeting room panels, interactive collaboration teaching panels, digital signage, room booking, large format commercial displays, and wayfinding screens, Clevertouch offers a solution for every sector.

Clevertouch has partnered with the world's largest processor manufacturer and achieved Intel Gold Partner Status. This alliance is set to benefit our partners and customers with an even greater range of Intel-based products, and innovation to meet the needs of a new technology driven society in the post covid world.

NUMBER ONE IN 22 COUNTRIES

Our Values

With our partners, our technology and our customers are at our core and we live these values:

- To empower every human being and organisation on the planet to achieve more.
- Encourage everyone to come together to explore and expand on ideas, bringing them to life without geographical or technological limitations.
- Delivering our very best in all we do.
- Being present, connecting with transparency, dignity and respect.

We are proud to be Number One in a multiple of countries!

We have pledged to become Net Zero by 2045!

We really do care about diversity and inclusivity

We're dedicated to working with companies who share our values. That's why we've partnered with industry leaders with collaboration at their core

We use numerous channels to support your training requirements from online videos, guides, ZenDesk AI, and person-to-person.

Multi award-winning - our passion and drive for innovative technology is at the heart of our business

Case Studies

How one innovative designer at Green.DNA developed the ‘Workspace 7.0’ and fulfilled its vision with technology from Clevertouch.

“It should be a gift to be in the office here every day. Even if you are in a meeting and would like to order some food for your table guests, you can do so via the Clevertouch displays.”

- Sam Verwaijen, Managing Director at Green.DNA

Learn More

With a bold and ambitious focus on going digital-first, The British Computer Society (BCS) built a new eco-system using Clevertouch.

“For every pound, we spent we wanted two-three uses out of the product. The Clevertouch screens provided the functionality of a whiteboard, presentation board and communication screen, giving you an all-in-one experience and great value for money.”

- Hazel Reason, The Senior Facilities Manager at BCS

Learn More

Nomios New Workspace - Better than being at Home!

“We don’t tell our staff where to work or when to come in because, with the help of Pioneer, we have created a space that is better than being at home. The technology is more secure, faster, and has better sound and image quality. This workspace exceeds being at home. It allows people to be around others, collaborate and work better, and we love it.”

- Richard Butcher, Managing Director at Nomios

Offering flexibility for every office

We know It's important that every office has flexible spaces to work and collaborate. That's why our offering provides you with the tools you need to create a hub for thought leadership, in-person and virtual collaboration, customer events and meetings, and socialising with colleagues.

Download the Destination Office guide, which looks at current and projected trends, independent research, and other studies to provide a comprehensive solution to the future of the workplace.

Download the Destination Office Guide

Huddle Room
A hide away from the busy office environment for small groups discussions and sharing of ideas. These small informal meetings are perfect for video and audio conferencing with one-touch to launch a Zoom, Webex or Teams call.

Meeting Room
The perfect meeting room experience provides a hub for collaborative group work, both for those in the office and those virtually. The well-designed meeting room should be adaptable for you users, accommodating the use of personal devices and walk-in-and-use technology and include, large presentation screens for connecting remotely and collaborative work, access to crystal clear audio, and quick-start launchers.

Boardroom
The setting for key decisions and big ideas by senior management, the space, and technology of the boardroom should be sophisticated and be easy-to-use for all. A meeting space where professionals collaborate and present from multiple screens and facilities with wireless screen mirroring interactive whiteboard for brainstorming ideas, and intelligent sensors to keep track of the room's temperature, air quality, and more.

LUX for Enterprise 2

Sizes: 65” | 75” | 86”

Download the Specification

Learn More

Lux for Enterprise is our premium interactive display designed for collaborative learning environments.

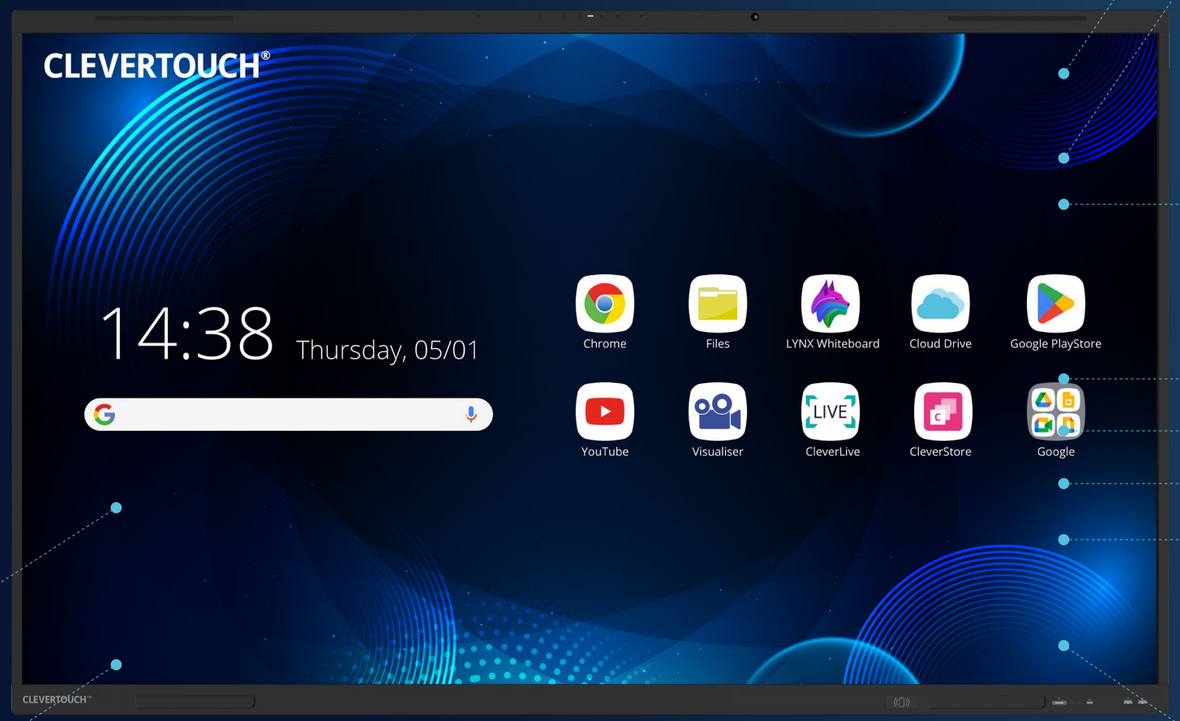

Interactive teaching allows the educators of today to deliver so much more than knowledge; it enables students to hear, see, and experience content, truly understanding what is being taught. A Clevertouch interactive touchscreen system is not restricted to the lecture hall or a teaching space but is a dynamic and flexible system accessible from anywhere.

With built-in screen-sharing capabilities for up to 9 devices, via CleverShare, students can easily collaborate on projects, annotating documents in unison and saving notes to take home or access later.

With a variety of apps available from the Cleverstore, and the ability to add any software via the Intel OPS Windows 10 PC, there are no limitations to the resources available.

USB Camera
Works with any USB camera or add our own camera, Clevercam.

Android/PC
Switch between Android and PC mode, or switch off the Android capabilities and just use the PC.

Security Matters
Advanced security and network options.

Stay Connected
Compatible with your preferred UC and VC applications:

BlueJeans by Verizon, zoom, Google Meet, webex by CISCO

Any Screen, Any Time
With integrated NFC, users can simply swipe their fob, card or device to load their personal profile on any Clevertouch anywhere in the world.

Array microphone

OPS i5 or i7 Intel PC

USB-C charging

PlayStore
Access the Google Play Store and Google Workplace, along with the full Microsoft 365 suite, directly from the screen. Use apps such as Google Drive, Docs, Sheets, Slides, Teams, Word and PowerPoint.

Your Meeting, Your Way
In-room collaboration, hybrid meetings, and virtual meetings. Work with teams, wherever they are.

Key Features

Add an Intel Windows 11 Pro i5 or i7 OPS, enabling you to load your existing apps and software from your network.

Collaborate securely with standardised meetings, wherever you are based.

Integration with your current system set up is easy and settings can be locked down to create completely secure connections.

Smartphones, laptops or tablets can all share content to the screen using native sharing, without the need to download an app.

Lux for Enterprise allows you to completely customise your home screen with your company branding, logos and news.

You can display Digital Signage when your screen is not being used in a meeting.
