Enterprise

The complete Communication and Collaboration solution for an always connected workplace
Why Clevertouch?

The Clevertouch product range includes interactive displays, commercial displays, LED wall, room booking panels and digital signage. Our range of products can be connected simply and securely by our CleverLive and MDM remote content and management systems. Working with our partners, Logitech and Intel, we can provide Microsoft Certified Teams or Zoom rooms, making hybrid working easy and accessible to everyone.

At Clevertouch, we've developed a truly unified communications platform that is free from frustrations of incompatibility. Clevertouch products allows users to connect and collaborate no matter what device they are using and their choice of communication channels. Allowing you to establish a Digital Ecosystem that empowers users to communicate and collaborate across the entire organisation.

About Clevertouch

Established in 2009, Clevertouch began with interactive flat panels and soon expanded into a wider range of technology solutions.

Clevertouch is the only manufacturer to deliver industry-leading full-service, products and software solutions. Delivering a multi-awarding winning range of interactive collaborative meeting room panels, interactive collaboration teaching panels, digital signage, room booking, large format commercial displays, and wayfinding screens, Clevertouch offers a solution for every sector.

Clevertouch has partnered with the world's largest processor manufacturer and achieved Intel Gold Partner Status. This alliance is set to benefit our partners and customers with an even greater range of Intel-based products, and innovation to meet the needs of a new technology driven society in the post covid world.

Our Values

With our partners, our technology and our customers are at our core and we live these values:

- To empower every human being and organisation on the planet to achieve more.
- Encourage everyone to come together to explore and expand on ideas, bringing them to life without geographical or technological limitations.
- Delivering our very best in all we do.
- Being present, connecting with transparency, dignity and respect.
We are proud to be Number One in a number of countries!

We have pledged to become carbon neutral by 2025!

We really do care about diversity and inclusivity.

We're dedicated to working with companies who share our values. That's why we've partnered with industry leaders with collaboration at their core.

We offer a range of courses that have been carefully curated to give you the knowledge you need to excel.

Multi award-winning - our passion and drive for innovative technology is at the heart of our business.
Case Studies

How one innovative designer at Green.DNA developed the 'Workspace 7.0' and fulfilled its vision with technology from Clevertouch.

"It should be a gift to be in the office here every day. Even if you are in a meeting and would like to order some food for your table guests, you can do so via the Clevertouch displays."

- Sam Verwaijen, Managing Director at Green.DNA

With a bold and ambitious focus on going digital-first, The British Computer Society (BCS) built a new eco-system using Clevertouch.

"For every pound, we spent we wanted two-three uses out of the product. The Clevertouch screens provided the functionality of a whiteboard, presentation board and communication screen, giving you an all-in-one experience and great value for money."

- Hazel Reason, The Senior Facilities Manager at BCS

Nomios New Workspace - Better than being at Home!

"We don't tell our staff where to work or when to come in because, with the help of Pioneer, we have created a space that is better than being at home. The technology is more secure, faster, and has better sound and image quality. This workspace exceeds being at home. It allows people to be around others, collaborate and work better, and we love it."

- Richard Butcher, Managing Director at Nomios

Destination Office Guide

Huddle Room

A hide away from the busy office environment for small groups discussions and sharing of ideas. These small informal meetings are perfect for video and audio conferencing with one-touch to launch a Zoom, Webex or Teams call.

Meeting Room

The perfect meeting room experience provides a hub for collaborative group work, both for those in the office and those virtually. The well-designed meeting room should be adaptable for you users, accommodating the use of personal devices and walk-in-and-use technology and include, large presentation screens for connecting remotely and collaborative work, access to crystal clear audio, and quick-start launchers.

Boardroom

The setting for key decisions and big ideas by senior management, the space, and technology of the boardroom should be sophisticated and be easy-to-use for all. A meeting space where professionals collaborate and present from multiple screens and facilities with wireless screen mirroring interactive whiteboard for brainstorming ideas, and intelligent sensors to keep track of the room's temperature, air quality, and more.

CleverSoftware

CLEVERSHARE®

Flexibility is key in meetings

In-person, remote or hybrid - Clevershare gives you the freedom to host your meeting, your way. 62% of Enterprise users have more than 3 Unified Communication platforms. You need to be able to enter the meeting room and have the tools available to simply start a meeting on any of those UC platforms, whilst connecting to the display, audio and visual equipment in the room.

Three methods, same experience
The App
Download it for free to any device. Enter the code from your UX Pro and instantly share content from your device to the large format display.
CleverCast Dongle
Plug the USB-C dongle into your laptop and click the button to share your screen with the UX Pro display.

The Hub
Clevershare technology on any screen Connect the CleverHub to your commercial or interactive display and use either the App or the Dongle to share content.

One-tap to connect
With the App, Hub or Dongle, it's just one-tap to connect. No wires, no drivers, no passwords. Colleagues and visitors alike will share the same easy-to-use experience.
