Communication
and Collaboration
Solutions for a
connected healthcare
environment

Why Clevertouch?

Clevertouch delivers a product range that seamlessly integrates the communication and collaboration requirements of a challenging healthcare environment. Our cutting-edge technology is a complete solution, our digital ecosystem, designed to support staff productivity and improve the patient experience.

The product range includes interactive displays and room booking panels for enhanced meeting, training and collaboration engagement, and commercial displays, LED walls, free-standing totems for communicating welcome messages, healthcare information, facilities and services details, and wayfinding to create a better experience for patients, visitors, and staff.

Our range of products can be connected simply and securely by through CleverLive our intuitive digital signage platform and our MDM remote management system. At Clevertouch, we believe technology works best with a truly unified communications platform that is free from frustrations of incompatibility. Our Clevertouch products allow users to communicate and collaborate simply, easily, and quickly.

About Clevertouch

Established in 2009, Clevertouch began with interactive flat panels and soon expanded into a wider range of technology solutions.

Clevertouch is the only manufacturer to deliver industry-leading full-service, products and software solutions. Delivering a multi-awarding winning range of interactive collaborative meeting room panels, interactive collaboration teaching panels, digital signage, room booking, large format commercial displays, and wayfinding screens, Clevertouch offers a solution for every sector.

Clevertouch has partnered with the world's largest processor manufacturer and achieved Intel Gold Partner Status. This alliance is set to benefit our partners and customers with an even greater range of Intel-based products, and innovation to meet the needs of a new technology driven society in the post covid world.

Our Values

With our partners, our technology and our customers are at our core and we live these values:

- To empower every human being and organisation on the planet to achieve more.
- Encourage everyone to come together to explore and expand on ideas, bringing them to life without geographical or technological limitations.
- Delivering our very best in all we do.
- Being present, connecting with transparency, dignity and respect.

We are proud to be Number One in a number of countries!

We have pledged to become carbon neutral by 2025!

We really do care about diversity and inclusivity

We're dedicated to working with companies who share our values. That's why we've partnered with industry leaders with collaboration at their core.

We offer a range of courses that have been carefully curated to give you the knowledge you need to excel.

Multi award-winning - our passion and drive for innovative technology is at the heart of our business.

Case Studies

The Balearic Nursing Union chooses Clevertouch interactive displays for continuous training

"We chose this product because it is the best in the market. We use it for teaching and for broadcasting practical lessons from other areas of The Centre,"

- Sergio Tortosa Espinola, a professor at the Technical Directorate of CIDEFIB (The Centre for Innovation and Development of Nursing and Physiotherapy of the Balearic Islands).

A CCG (Clinical Commissioning Group) in Essex undertook a technology modernisation programme across the GP practices within its geographical area as well as its headquarters.

"Staff in GP practices are often working in high-pressure environments. They need a screen interface that is intuitive to use. They don't want to have to think about the technology, they need a tool that helps them day-to-day and enables them to work more efficiently."

- Tony Murphy, Finevalley (specialist NHS integrator)

National Centre for Sport & Exercise Medicine

"Clevertouch has created a simple and effective means of keeping patients and customers informed as well as the ability to present promotional materials in an easy and consistent format. It's also simple to use and hasn't required any downtime to deliver basic training to staff?"

- Glenn Carlin, Operations Manager

DisplayNote Launcher

Remote meetings and connecting participants from around the world is the new norm. Launcher powered by Clevertouch and Jabra is the number one unified comms platform for all collaborative meetings. Use your existing UC provider and standardise your meeting rooms with Launcher, Clevertouch and Jabra.

One-touch video calls

Launcher's smart room calendar picks up your video calls and meetings, saving precious time, all you need to do is tap a button to start or join your calls.

Integrates with MS Exchange

Launcher integrates with MS exchange and supports Zoom, Teams, Skype for Business, GoToMeeting, Google Meet, Lifesize and Webex.

Supports the most popular UC tools

Launcher's focus is straightforward: making it easy for meeting room users to find and launch the apps they need. That's why Launcher works with some of the world's most popular collaboration and productivity tools.

Standardization

Launcher's organized and intuitive interface lets you standardize the tools you use across all of your rooms so that your users can easily find and launch the apps they need.

Easy to use

Supports any Windows program, Store App or Web URL

Mobile App

Launcher's mobile app allows users to wirelessly sign-in and out of 365 on the meeting room screen.

Secure in one tap

All settings are PIN protected, and one tap clears your footprint, closing apps and clearing any browsing history

Flexibility is key in meetings

In-person, remote or hybrid - Clevershare gives you the freedom to host your meeting, your way. 62% of offices have more than 3 Unified Communication platforms. You need to be able to enter the meeting room and have the tools available to simply start a meeting on any of those UC platforms, whilst connecting to the display, audio and visual equipment in the room.

Three methods, same experience

The App

Download it for free to any device. Enter the code from your UX Pro and instantly share content from your device to the large format display.

CleverCast Dongle

Plug the USB-C dongle into your laptop and click the button to share your screen with the UX Pro display.

The Hub

Clevershare technology on any screen. Connect the CleverHub to your commercial or interactive display and use either the App or the Dongle to share content.

One-tap to connect

With the App, Hub or Dongle, it's just one-tap to connect. No wires, no drivers, no passwords. Colleagues and visitors alike will share the same easy-to-use experience.
